

Surveyor(s) Name and Experience:													
Survey Site Number & Coordinates (Latitude/Longitude ex: 45.1245, - 80.12345)	Date	Start Time (24h)	Survey Conditions				Species Call Code (highest code heard)						
			Air Temp (°C)	Wind Speed	Precipitation	Background Noise	Western Chorus Frog	Wood Frog	Spring Peeper	Northern Leopard Frog	American Toad	Green Frog	
<p><b>Wind Speed (Beaufort Scale):</b> 0 - smoke rises vertically; 1 - smoke drifts; 2 - leaves rustle; 3 - light branches sway; 4 - branches move *Do not survey in &gt;3</p> <p><b>Precipitation:</b> N - none; LR - light rain; MR - moderate rain; HR - heavy rain *Do not survey in MR or HR</p> <p><b>Background Noise:</b> 0 - No noise; 1 - Distant (e.g. traffic or animal calls including other frogs in distance); 2 - Faint (e.g. few cars pass nearby, periodic animal calls, wind rustling vegetation); 3 - Moderate (e.g. frogs heard well but there is fairly consistent noise from cars passing, birds calling, wind rustling vegetation); 4 - Consistent (e.g. frogs can be heard but not easily and there is continuous noise from animals, traffic or wind); 5 - Loud (e.g. ability to hear frogs is severely compromised due to continuous loud noise from highway traffic).</p> <p><b>Call Codes:</b> 0 - No frogs heard; 1 - Calls not overlapping and # of calling frogs can be accurately counted; 2 - Some calls overlapping but the number of calling frogs can be reliably counted; 3 - Full chorus with continuous overlapping calls indistinguishable from one another.</p>													

**Notes** (description of survey site, if photos, audio, or video were taken, etc.)

**Habitat Assessment # 1**

<b>Surveyor(s) Name and Experience:</b>						
<b>Habitat Coordinates (ex: 45.1245, - 80.12345)</b>						
<b>Habitat Type (Circle one)</b>	Flooded field	Swamp	Pond	Drainage ditch	Marsh	Other
<b>Habitat Access Type (Circle one)</b>	Roadside	Accessible to public		Privately owned		Other
<b>Threats Present (Circle all that apply)</b>	Roads	Invasive species		Predators	Other	
<b>Habitat Notes (Please describe habitat type, accessibility, and any observed threats, any photos taken etc.)</b>						

**Habitat Assessment #2**

<b>Surveyor(s) Name and Experience:</b>						
<b>Habitat Coordinates (ex: 45.1245, - 80.12345)</b>						
<b>Habitat Type (Circle one)</b>	Flooded field	Swamp	Pond	Drainage ditch	Marsh	Other
